Dear Motor Vehicle Administrator:

Effective December 23, 2005, the Massachusetts Registry of Motor Vehicle began issuing a revised Certificate of Title that includes the following new and/or modified security features.

- A faint outline of the Commonwealth of Massachusetts has been added to the front of the Certificate.
- The security thread has been moved approximately 1.5 inches to the right.
- The watermark has been changed from a screaming eagle to the Seal of the Commonwealth of Massachusetts.

The revised Certificates of Titles will have a Control Number beginning with F1250001.

All of the other security features remain present, and unchanged. The most notable of these include:

Thermochromic Ink
The pink Seal of the Commonwealth of Massachusetts at the bottom center of the Certificate is printed with thermochromic ink. When heat is applied by rubbing a finger over the seal, the image will disappear; once the area cools, the image will reappear.

Void Pantograph
When the Certificate is photocopied, the word " VOID " will appear in bold letters, numerous times.

All previously issued Certificates of Title are still valid.

If you have any concerns on the validity of a Massachusetts Certificate of Title, or questions regarding our revised Certificate, please contact me at 617-351-9507.

Sincerely,

Charles J. LaRocca
Title and Acting Registration Director
