### **Driver License Exam Stations Resume Previous Schedule**

**Lincoln**—Nebraska Department of Motor Vehicles Director, Beverly Neth, today announced that the DMV will be resuming driver licensing services at the following counties/cities: Arthur (Arthur), McPherson (Tryon), Logan (Stapleton), Deuel (Chappell), Perkins (Grant), Garden (Oshkosh), Grant (Hyannis) and Thomas (Thedford) beginning September 29, 2008. The days and times of driver licensing services in these counties are attached.

“The DMV suspended driver licensing service in several counties as a result of a retirement of a long time employee. A new employee has been adequately trained and we are ready to resume service to this area.” Neth said. “We appreciate the public’s understanding and flexibility during this period.”

Nebraska law allows individuals renew their licenses 90 days prior to expiration (age 21 and over) and to obtain a driver’s license, permit, or to renew a license in any county, even if you are not a resident of that county.

The days and hours that all driver-licensing offices are open for service can be found on the DMV website at: [www.dmv.ne.gov](http://www.dmv.ne.gov)
