

Kansas Certificate of Title Security Features

Received 6/9/2005

SECURITY FEATURES

- 1) **State Seal** – is blind embossed (raised image).
- 2) **Microprinted Lines** – words “CERTIFICATE OF TITLE” appear as a ruled line and are only clearly visible with magnification (front only).
- 3) **Engraved Border** – a fine line geometric lathe work border produced from engraved art work (front only).
- 4) **Sequential Control Numbers** – printed on the face of each certificate in permanent black to penetrating red security ink. The penetrating red security ink formulates a red halo around the black number. It appears red when viewed from the back.
- 5) **Watermark** – custom 3-dimensional multi-tonal watermark of the Kansas Department of Revenue seal. The watermark is covert when viewed in reflected light or lying on the surface. The watermark becomes overt when viewed in transmitted light. In addition, because of its 3-dimensional qualities, it can easily be “felt” on the reverse side as an additional verification or measure of authenticity.
- 6) **Security Thread** – a micro-printed, fluorescent security thread with an overall overt appearance. The micro-printing is to read “STATE OF KANSAS” and can be viewed with a magnifier only. The fluorescence can be viewed under ultraviolet black light only.
- 7) **Safety Block** – 10% screen of dark blue erasure sensitive ink is printed in the “Odometer Reading” and “Notary Seal” areas (back only).
- 8) **Paper** – to be manufactured with short fluorescent fibers, incorporated into the paper in various densities, randomly placed, visible only under ultraviolet black light.
- 9) **Full Chemical Sensitivity** – the paper contains chemical reagents that react with the 5 recognized families of chemicals used for chemical alteration. Those families are: Bleach, Polar Solvents, Non-Polar (A-Polar) solvents, Acids and Alkalis.
- 10) **Copy Void Pantograph** – the word “VOID” appears when the document is copied front and back to serve as protection against copying, both color and black and white.
