

The Driver Licensing area of the Mini Station will be closed for remodeling on Monday and Tuesday April 18 and April 19. We plan on reopening on Wednesday, April 20. The full-service Driver License Testing station at 500 West O is open for all driver licensing services from 7:30 a.m.-4:00 p.m.

From the Mini Station, turn right (south) on 46th Street. Proceed two blocks south and turn right (west) on 'O' Street. Continue west on 'O' Street through downtown approximately 3 1/2 miles.

After passing the downtown area, go over the Harris Overpass bridge near the Haymarket. At the second traffic light after the bridge, turn right (north) briefly on Sun Valley Blvd and then make an immediate left onto West 'P' Street. You'll see the Exam Station to your left.
